SAFETY & SECURITY

Guardian garage door openers are manufactured to comply with the latest industry standards. Our advanced, steel-enclosed, water-resistant, photo-eye system ensures the highest degree of reliability in detecting obstructions during operation.

CLEARCOM™ TECHNOLOGY

Your secure code is communicated to your opener over two frequencies. This provides a more reliable response when frequency interference is near.

OPTIONAL CONVENIENCE ACCESSORIES

Ask your dealer about adding more convenience and control with your new operator.

Wireless Keyless Entry Keypad

never be locked out

An entirely weatherproof, wireless keypad that allows quick and secure access to your garage door. One keypad can control multiple Guardian garage door openers.

Item # WKCC

Premium 3-Button Remote Control

convenience with style

Perfect for those seeking a sleeker look who need to access several garage doors through one device. The LED light lets you know that the signal has been sent.

Item # P3BCC

Premium 3-Button Mini Remote Control

for active lifestyles

The perfect fit for those on the go, this remote is slender enough to fit in your pocket, purse or on your keychain. Equipped with backlit LED buttons for convenience.

Item # 3BMINICC

Wireless Door Control Push Button

more control

Add a push button control anywhere in your garage without additional wiring. Use along with a wired control.

Item # WWB
