WOOD PRODUCT FINISHING & CARE

The Ridge and Plateau must be finished on all six sides per the directions included in your installation instructions. Failure to comply will void the warranty. Maintaining a wood door is very important. Review the maintenance information included in your installation instructions.

CONSTRUCTION

Both Ridge and Plateau use a 1-1/4" insulated wood flush door as a base. R-Value 6.

Plateau construction specifications may vary depending on the design requested.

As Safe-Way Door constantly strives to improve our product, all specifications listed in this informative brochure are subject to change without notice or obligation. Printed color may vary from actual color, please check with your local dealer for color swatches. 05/2020
